

# THE KINO CONNECTION

July 2010

STADIUM DISTRICT NEWS

## Construction Projects Underway

Due to the irrigation upgrades currently in progress for Sam Lena Park, the Country Club access road into the Kino Community Center is closed to vehicular traffic until July 12. Please use the Forgeus access road while the project is underway. Also, if you have visited the Community Center over the past few weeks you have probably noticed that the front desk area is being remodeled and should be finished the first week of July. The improvements will help direct customer traffic coming into the center, create a

prominent place for guest registration, and provide a bit more privacy for the employees who share the work space around the front desk area.

We appreciate your patience while we complete these improvements for the Community Center and Sam Lena Park.
